Wolkerstorfer Company Is One Of Top Finishing Shops In U.S.

Products Finishing Magazine names Wolkerstorfer Co. to the 'Top Shops' list for 2017

CINCINNATI, Ohio – Wolkerstorfer Company, Inc. has been named one of the best finishing shops in the U.S., according to an industry benchmarking survey conducted by *Products Finishing* magazine, a trade publication which has covered the industry since 1936.

The magazine conducted an extensive benchmarking survey that analyzed a company in several different areas, including Current Finishing Technology, Finishing Practices and Performances, Business Strategies and Performances, and Training and Human Resources.

Only the top 50 shops were given the honor of being a *Products Finishing* magazine 'Top Shop' based on a scoring matrix of those four criteria.

"Wolkerstorfer Company has established itself as one of the best finishing operations in the industry," said Tim Pennington, editor of *Products Finishing* magazine. "The criteria we used was very stringent, and only the finishing shops that excelled in all four areas made the list. Wolkerstorfer Company is in rare air when it comes to finishing operations."

Wolkerstorfer Company is located at 348 First Street S.W., New Brighton, MN, and is Nadcap certified for non-destructive testing and chemical processing and is also certified by a number of aerospace OEMs.

"We are extremely excited and pleased to be named one of *Products Finishing* magazine's 'Top Shops'," said Chris and Steffen Wolkerstorfer, 4th generation owners of Wolkerstorfer Company. "Our employees and management team have worked very hard to be the best in the industry, and to provide our customers with exceptional quality and responsive lead times."
